ADVANTAGE OF OUR SERVICES

Compared with other law offices, we/ALT have unique characteristic that Japanese firms select us as legal service provider and advisor in recent years by way of achieving different approach below.

1. Full services

ALT provides one full package services of legal, taxation and litigation-arbitration when Japanese firms need. We commit to provide our services to meet the Japanese satisfaction on a timely manner.

2. Business approach

ALT uses business approach rather than simple thinking of provisions of the laws. We carefully study your business transactions and plans first and then consider how to apply legal and tax.

3. One-stop service for tax saving

By way of doing business approach above, ALT acts as one-stop service provider for you to achieve cost saving of unnecessary tax payment. We have staffs, who have extensive experience in legal and tax in a single person, and all legal works are always made with tax consideration for tax saving (if applicable). We also have extensive experience in tax issues under the Thailand - Japan Double Tax Agreement.

4. Working as a team

In most of the law firms, one partner will handle works with assistance from senior lawyers or junior lawyers. However, at ALT, when ALT's partner receives instruction from clients, the partner will consult with other partners whether there are different opinions regarding the work. This would help to delivery higher quality of work to clients.

5. Japanese language and your Japanese culture

ALT fully understands Japanese culture and you do not worry about language barrier in your business transactions. We provide you Trilingual language services.

We/ALT have new slogan "Let's contribute to Japanese Community" by making good friendship with Japanese firms.
